- If you are on the Early Settlement Discount (ESD) scheme, please ensure in the 'Payment Terms' section of the invoice, you have entered the following wording replacing the 'X' with the details relevant to your ESD agreement. Invoices without this wording will be rejected.

"A discount of X% of the full price applies if the payment is made within Y days of the invoice date. No credit note will be issued. Following payment you must ensure you have only recovered the VAT actually paid"

Please note that if your PO does **not** indicate ESD terms, you should leave the below field **blank**, otherwise your invoice will be rejected. PO terms can be viewed in the Tungsten portal – simply open the PO in the portal, if you do not see 'ESD' anywhere, the wording is not required.

Once you have clicked 'send' on your invoice it will go through a two-stage validation process

- The first will be within the Tungsten portal confirming that the PO references you have used are valid and the invoice and PO values match
 - Note: you cannot partially invoice against POs. POs must be fully utilized against an invoice
 - You can have multiple POs per invoice, but not multiple invoices per PO.
- Once the invoice has cleared Tungsten it will be sent to HH Global for a second validation
- You can monitor the progress of your invoice via 'invoice status':

The workflow status on the right hand side will advise when your invoice has been accepted by Tungsten, and then approved by HH Global. Only once an invoice is in 'approved' status has it been accepted by HH Global and is awaiting payment.

Once payment is made, a message will be sent to the Tungsten system updating this screen with 'paid' and a payment due date.
